The Shelter Plus Care Program provides rental assistance for hard-to-serve homeless persons with disabilities in connection with supportive services funded from sources outside the Housing Choice Voucher Program. Shelter Plus Care (S+C) is designed to provide housing and supportive services on a long-term basis for homeless persons with disabilities and their families who are living in places not intended for human habitation (e.g., streets) or in emergency shelters. The program allows for a variety of housing choices as well as a range of supportive services in response to the needs of the hard-to-reach homeless population with disabilities. The Longview Shelter Plus Care Program is a cooperative effort between three entities, the City of Longview, Sabine Valley MHMR and Special Health Resources of East Texas (SHRET). The Longview HA provides the rental assistance component of the program. Sabine Valley MHMR and SHRET provide the supportive services component. Interested applicants may apply for S+C through the appropriate supportive service agency: Sabine Valley for those with mental illness/drug abuse problems or SHRET for those with AIDS. Once program eligibility is determined by the appropriate supportive service agency, applicants are then brought to the LHA for the rental assistance component of the program.
